TELL OUR ADVERTISERS, "I SAW YOU IN THE ORANGE PEEL GAZETTE."

University Classroom

The rules at a particular university were such that if the professor was not present in the classroom by 15 minutes past the hour, the class was considered a "walk" and the students were free to leave - with no penalties for missing a class.

The rooms were equipped with the type wall clocks that "jumped" ahead each minute, in a very noticeable fashion. As it were, these clocks were also not of the most sophisticated construction. Some enterprising student discovered that if one were to hit the clock with chalkboard erasers, it would cause the clock to "jump" ahead 1 minute.

It became almost daily practice for these students to take target practice at the clock (as it would have it, this particular professor was not the most punctual, and the students considered him severely "absent-minded"). A few well aimed erasers, 15 minutes were passed, and class dismissed itself.

Well, when the day for the next exam rolled around, the professor strolled into the room, passed out the exams, and told them "You have 1 hour to complete."

The professor then proceeded to collect the erasers from around the room, gleefully taking aim at the clock. When he had successfully "jumped" the clock forward 1 hour, he closed the class and collected the exam papers.

**Cheap And Simple Ways
To Ward Off Burglars**

The following are a few simple ways to keep burglars out of the house by putting a few signs in well-placed locations.

- Dear Mr. Butcher, starting tomorrow, please leave eight pounds of meat for Brutus. Six pounds only makes him angry and vicious!

- Selma, don't come in! The boa constrictor got loose again...

- Dear Mr. Exterminator, be very careful when you go inside! The termites have eaten through most of the floorboards and you will fall into the basement where all of the rats are!

- To whom it may concern: Some of the items in this house have been engraved with Federal Identification Numbers. Others have merely been wired to explode when touched. Take Care...

Cow on the Track

A passenger train is creeping along slowly. Finally it creaks to a halt. A passenger sees the conductor walking by outside.

"What's going on?" she yells out the window.

"Cow on the track." replies the conductor.

A few minutes later the train starts up, moving along slowly. Five minutes later it stops again. The woman sees the conductor walk by.

"What happened?" she yells out the window. "Did we catch up with the cow again?"

I was married to an opera singer but it was always MI MI MI MI MI

Waiting for the Hostess

The two snooty women were sitting in the living room, waiting for their hostess, who was slightly delayed in another room.

The daughter of the family was with the two women, on the theory that she would keep the visitors occupied during the wait.

The child was about six years old. She was snub nosed, spotted with splotchy freckles, buck toothed, and bespectacled. She maintained a deep silence and the two ladies peered doubtfully at her.

Finally, one of the women muttered to the other, "She's not very p - r - e - t - t - y, is she?"

Whereupon the child piped up, "Maybe not, but I'm very s - m - a - r - t and I can s - p - e - l - l."

Scales Don't Lie

A lady noticed her husband standing on the bathroom scale, sucking in his stomach. Thinking he was trying to weigh less with this maneuver, she commented, "I don't think that's going to help."

"Sure it does," he said. "It's the only way I can see the numbers."

Vanishing Dinosaurs

Scientists have shown that the moon is moving away at a tiny, although measurable distance from the earth every year.

If you do the math, you can calculate that 85 million years ago the moon was orbiting the earth at a distance of about 35 feet from the earth's surface.

This would explain the death of the dinosaurs. The tallest ones, anyway.

I used to be able to do cartwheels. Now I tip over putting on my underwear.

Urges and Feelings

A father spoke to his son, "It's time we had a little talk my son. Soon you will have urges and feelings you've never had before. Your heart will pound and your hands will sweat. You'll be preoccupied and won't be able to think of anything else."

He added, "But don't worry, it's perfectly normal ... it's called golf."

What do you call a line of rabbits walking backwards?

Unnecessary Inventions

There is a famous saying which states that "necessity is the mother of invention", however the inventions on this list seem far from necessary.

Makeup That is Tattooed on: You might love that green eyeliner now, but what about when you're fifty?

Colored Elastics For Braces: As if the braces didn't make your mouth stand out enough.

Crayons That Smell: Oh, good, let's give kids another reason to eat them.

Juicers: Carrot-peach-avocado-rhubarb-pomegranate-yam juice was not meant to be.

Colored Contact Lenses: Oh, yeah, purple is such a natural eye color.

Fake Eyelashes: You shouldn't be able to braid your eyelashes.

The Epilady: Pulling hair out by the roots is masochistic.

Those Crocheted Kleenex Box Covers: Kleenex does not get chilly.

Heated and/or Padded Toilet Seats: Your not supposed to spend the day there. Comfort should not be a pressing concern. Get in, do your thing, and get out.

Doggie Sweaters: Fido is not Mr. Rogers, nor does he want to be Mr. Rogers.

I duck my head down while driving into underground parking garages to make my car fit, in case you wondered what kind of superior intellect I've passed down to my kids.

TELL OUR ADVERTISERS, "I SAW YOU IN THE ORANGE PEEL GAZETTE."

Waitress!

We were standing in line outside a busy restaurant. The harried hostess was checking to find out how many people were in each group. "Party of two," the woman behind us said to her, "and could we please have Michelle?"

Annoyed looks turned to knowing smiles when she added, "Michelle is my daughter, and just once in my life I want her to wait on me!"

Where do you take someone who has been injured in a Peek-a-Boo accident?

-- To the I.C.U.

Violin Practice

Little Harold was practicing the violin in the living room while his father was trying to read in the den. The family dog was lying in the den, and as the screeching sounds of little Harold's violin reached his ears, he began to howl loudly.

The father listened to the dog and the violin as long as he could. Then he jumped up, slammed his paper to the floor and yelled above the noise, "For Pete's sake, can't you play something the dog doesn't know?!"

What do you call a person who's happy on Monday?

Visitors?

My husband, a forester, often has to consult property owners to determine boundary lines. Walking up a dirt road to question one such individual, he encountered signs that read: "No Trespassing," "Beware of Dog," and "Keep Out...This Means You!" Finally arriving at the door, he talked with the congenial, cooperative landowner. When my husband was ready to leave, the man said to him, "Come and see me again sometime. I don't get many visitors up this way."

Usher's Revenge

A man had a ticket for the theater but when he was seated by the usher, he found that he was too far from the stage.

He whispered to the usher, "This is a mystery play, and I have to watch a mystery close up. Get me a better seat, and I'll give you a handsome tip."

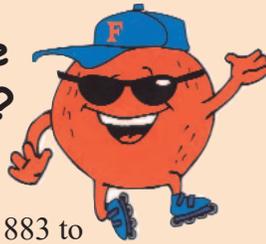

The usher moves him into the second row, and the man hands the usher a quarter.

The usher looks at the quarter, frowns at him, then leans over and whispers, "The wife did it."

The Ranch

A New York family bought a ranch out West where they intended to raise cattle. Friends came to visit and asked if the ranch had a name.

"Well," said the would-be-cattleman. "I wanted to call it the Bar-J. My wife favored the Suzy-Q. One son liked the Flying-W, and the other son wanted the Lazy-Y. So, we're calling it the Bar-J-Suzy-Q-Flying-W-Lazy-Y Ranch."

"But where are all your cattle?"

"So far, none have survived the branding."

I'd go on a diet, but that seems like an insult to the fine folks who make and distribute cheesecake and I, for one, won't stand for that.

The Only Stupid Question...

The only stupid question is the one that is never asked. Except maybe "Don't you think it is about time you audited my return?" or "Isn't it morally wrong to give me a warning when, in fact, I was speeding?"

Driving by myself is so tiring!

I have to be the lead singer, backup singer, dancers, drummer, and guitar soloist!

Top Ten Reasons Eve Was Created

10. God was worried that Adam would frequently become lost in the garden because he would not ask for directions.
9. God knew that one day Adam would require someone to locate and hand him the remote.
8. God knew Adam would never go out and buy himself a new fig leaf when his wore out and would therefore need Eve to buy one for him.
7. God knew Adam would never be able to make a doctor, dentist or haircut appointment for himself.
6. God knew Adam would never remember which night to put the garbage on the curb.
5. God knew if the world was to be populated, men would never be able to handle the pain and discomfort of childbearing.
4. As the Keeper of the Garden, since he didn't have metal sheds or greenhouses, Adam would never remember where he left his tools.
3. Apparently, Adam needed someone to blame his troubles on when God caught him hiding in the garden.
2. As the Bible says, "It is not good for man to be alone!"

And the #1 reason why God created Eve:

1. When God finished the creation of Adam, He stepped back, scratched His head and said, "I can do better than that!"

**If you want this to be your year:
Don't sit on the couch and wait for it. Go out. Make a change. Smile more. Be excited. Do new things. Throw away clutter. Don't Gossip. Show more gratitude. Do things that challenge you. BE BRAVE.**

Real Pearls?

Two older women who were rivals in a social circle met at a party.
"My dear," said the first woman "Are those real pearls?"
"They are," replied the second woman.
"Of course the only way I could tell would be for me to bite them," smiled the first woman.
The second responded "Yes, but for that you would need real teeth."

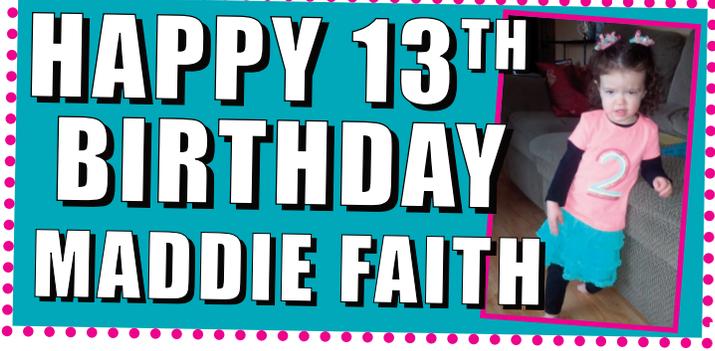

**I do NOT SNORE.
I just dream I'm a MOTORCYCLE**

A Confession & Retirement Speech

A priest was being honored at his retirement dinner after 25 years in the parish. A leading local politician, who was also a member of the congregation, was chosen to make the presentation and give a little leaving speech at the dinner. He was delayed so the priest decided to say his own few words while they waited.

'I got my first impression of the parish from the first confession I heard here. I thought I had been assigned to a terrible place. The very first person who entered my confessional told me he had stolen a television set and, when stopped by the police, had almost murdered the officer. He had stolen money from his parents, embezzled from his place of business, had an affair with his boss's wife, taken illegal drugs. I was appalled. But as the days went on I knew that my people were not all like that and I had, indeed, come to a fine parish full of good and loving people.'

Just as the priest finished his talk the politician arrived full of apologies at being late. He immediately began to make the presentation and give his speech.

'I'll never forget the first day our parish priest arrived,' said the politician. 'In fact, I had the honor of being the first one to go to him in confession.'

I'll always get up after I fall.

And whether I run, walk, or have to crawl. I'll set my goals and achieve them all.
