Dad stood proudly at the grill wearing his "King of the BBQ" apron. "Don't worry," he said, flipping burgers dramatically, "I've got this under control." 30 minutes later, everyone was eating pizza. Dad looked at the grill and shrugged. "Well... technically, I did cook dinner."

## Husband's Estimate

Joe's wife bought a new line of expensive cosmetics guaranteed to make her look years younger. After a lengthy sitting before the mirror applying the "miracle" products, she asked, "Darling, honestly, what age would you say I am?"

Looking over her carefully, Joe replied, "Judging from your skin, twenty; your hair, eighteen; and your figure, twenty five."

"Oh, you flatterer!" she gushed.

"Hey, wait a minute!" Joe interrupted. "I haven't added them up yet."

**Credit Card**

Part way through his dinner date, my brother deduced the woman he was with was more interested in his money than in him. When the check came, he took out his credit card to pay the bill and was not surprised to hear her gush, "Is that a platinum card?" "No," my brother replied dryly. "It's aluminum."

**Unbreakable Combs**

The salesman was demonstrating unbreakable combs in the department store. He was impressing the people who stopped by to look by putting the comb through all sorts of torture and stress.

Finally to impress even the skeptics in the crowd, he bent the comb completely in half, and it snapped with a loud crack. Without missing a beat, he bravely held up both halves of the 'unbreakable' comb for everyone to see and said,

"And this, ladies and gentlemen, is what an unbreakable comb looks like on the inside..."

**Mother's Ring**

While picking up a prescription, I noticed that the woman who gave me my medication was wearing a beautiful mother's ring.

"I love your ring," I said. "It's very similar to mine." And I held out my hand to show her. Each ring had three birthstones. "You have three children too?" I asked.

"Well, no," the woman replied. "When my daughter picked this out for me, she liked the rings with three settings the best. So I have birthstones for two daughters, and this one," she said while pointing to the center gem, "is for the cat."

## Rescued

An old couple, Abe and Esther are flying to Australia for a two-week vacation to celebrate their 50th anniversary. Suddenly, over the public address system, the Captain announces, "Ladies and Gentlemen, I am afraid I have some very bad news, our engines have ceased functioning and we will attempt an emergency landing. Luckily, I see an uncharted island below us and we should be able to land on the beach. However, the odds are that we may never be rescued and will have to live on the island for the rest of our lives!"

Thanks to the skill of the flight crew, the plane lands safely on the island. The old man Abe turns to his wife and asks, "Esther, did we pay our \$5,000 PBS pledge check yet?"

"No, sweetheart," she responds.

Abe, still shaken from the crash landing, then asks, "Esther, did we pay our American Express card yet?"

"Oy, no! I'm sorry, I forgot to send the check," she says.

"One last thing, Esther, did you remember to send a check for the Visa and MasterCard this month?" he asks.

"Oh, forgive me, Abie," begged Esther. "I didn't send that one, either."

Abe grabs her and gives her the biggest kiss in 40 years. Esther pulls away and asks him, "So, why did you kiss me?"

Abe answers, "They'll find us."

## Good News and Bad News

An artist asked the gallery owner if there had been any interest in his paintings on display at that time.

"I have good news and bad news," the owner replied. "The good news is that a gentleman inquired about your work and wondered if it would appreciate in value after your death. When I told him it would, he bought all 15 of your paintings."

"That's wonderful," the artist exclaimed. "What's the bad news?"

"The guy was your doctor."

**Chicken Legs**

A man was driving along a rural road, one day, when he saw a three-legged chicken. He was amused enough to drive along side it for a while.

As he was driving, he noticed the chicken was running 30 mph. "Pretty fast chicken," he thought, "I wonder just how fast it can run." So, he sped up and the chicken did, too!

They were, now, moving along the road at 45 mph! The man in the car sped up, again. To his surprise, the chicken was still running ahead of him at 60 mph!

Suddenly, the chicken turned off the road and ran down a long driveway, leading to a farmhouse. The man followed the chicken to the house and saw a man in the yard, and dozens of three-legged chickens.

The man in the car called out to the farmer, "How did you get all these three-legged chickens?"

The farmer replied, "I breed 'em. Ya' see, it's me, my wife, and my son living here, and we all like to eat the chicken leg. Since a chicken only has two legs, I started breeding this three-legged variety so we could all eat our favorite piece."

"That's amazing!" said the driver. "How do they taste?"

"Don't rightly know," said the farmer, "we can't catch 'em."

It takes real skill to choke on air,

**Auto Shopping**

A woman whose fondness for the good life had taken its toll in added pounds - and girth - was being shown a Jeep by a salesman at an auto dealership.

When the salesman's pitch had run its course, he sought to close with the typical line, "Now what would it take to get you into one of these?"

Looking at the Jeep's high front seat, the woman replied, "Probably a crowbar."

My toxic trait is that I want to be moderately wealthy, have a spotless house as if nobody lives in it, go on 5-6 vacations a year, live where it's 75 degrees and sunny everyday, and never have to worry about what's for dinner ever again.

Is that too much to ask?

**Outhouse**

These young brothers were knocking around one lazy summer day and thought it would be a good prank to push over the outhouse. So, they crept up to it like a couple of commandos and pushed the outhouse over on one side.

When they returned home, their father approached them and bellowed, "Did you two push the outhouse over this afternoon?"

The older boy replied, "As learned in school, I cannot tell a lie. Yes, father, we pushed over the outhouse this afternoon."

At this revelation, the farmer proceeded to scold the two boys severely and sent them to bed without supper.

In the morning, the two boys meekly approached the breakfast table and took their seats. Everything was quiet until their father finally said, "Have you two learned your lesson?"

"Sure, Dad!" said the big brother, "But, in school we learned that George Washington admitted to his father that he'd chopped down a cherry tree and he was forgiven because he told the truth."

"Ah yes!" said the farmer, "but George's dad wasn't in the cherry tree when he chopped it down!"

**Traffic Camera**

I was driving when I saw the flash of a traffic camera. I figured that my picture had been taken for exceeding the limit even though I knew that I was not speeding.

Just to be sure, I went around the block and passed the same spot, driving even more slowly, but again the camera flashed. Now I began to think that this was quite funny, so I drove even slower as I passed the area once more, but the traffic camera again flashed.

I tried a fourth and fifth time with the same results and was now laughing as the camera flashed while I rolled past at a snail's pace.

Two weeks later, I got five tickets in the mail for driving without a seatbelt.

Canadian Winters

The Michaels family owned a small farm in Canada, just yards away from the North Dakota border. Their land had been the subject of a minor dispute between the United States and Canada for generations.

Mrs. Michaels, who had just celebrated her ninetieth birthday, lived on the farm with her son and three grandchildren. One day, her son came into her room holding a letter. "I just got some news, Mom," he said. "The government has come to an agreement with the people in Washington. They've decided that our land is really part of the United States. We have the right to approve or disapprove of the agreement. What do you think?"

"What do I think?" his mother said. "Jump at it! Call them right now and tell them we accept! I don't think I could stand another one of those Canadian winters!"

Patient: I was just following your orders, Doc.

Doctor: Following my orders? What are you talking about? I gave you no such order.

Patient: You told me to avoid people who irritate me.

Well, Timmy was stumped. He had no idea what the answer might be. He looked around to make sure no one wasn't watching, then he tapped Jacob on the shoulder. "Pssst. Jacob. What's the answer to the last question?"

Jacob laughed. He looked around to make sure the teacher hadn't noticed, then he turned to Timmy and said, "Everyone knows that Old MacDonald had a farm..."

"Oh yeah," said Timmy. "I remember now." He picked up his pencil and started to fill in the blank. Then, he stopped. He reached over to tap Jacob's shoulder again, and whispered, "How do you spell farm?"

"Duh? That's so easy... Farm is spelled E-I-E-I-O."

A tourist was admiring the necklace worn by a local Indian.

"What is it made of?" she asked.

"Alligator's teeth," the Indian replied.

"I suppose," she said patronizingly, "that they mean as much to you as pearls do to us."

"Oh no," he objected. "Anybody can open an oyster."

Potatoes

There were three guys whose car had broken down so they were on the highway trying to thumb a ride. A trucker saw them and pulled over to help. He told them they could ride in the trailer but that they had to hide if he got pulled over so that he wouldn't be ticketed for picking up hitchhikers.

Well, sure enough, not 10 minutes down the road the truck got pulled over. The cop decided to have a look inside of the trailer and, at first glance, he didn't see anything unusual.

The first thing the cop noticed was a very large crate. He knocked on the crate where the first guy was hiding. The only sound he heard was "Moo," so he thought, "Hmm... a cow must be in there."

Then, the cop noticed an average-sized box which happened to be where the 2nd guy was hiding. He shook it a little and heard a "Meow," so he thought, "Hmm... a cat must be in there."

Finally, the cop noticed a large potato sack lying on the floor where the 3rd guy was hiding. The cop kicked the sack a couple of times and then heard "Potatoes!"

The Classic Dad GPS

On a family road trip, Mom suggested using GPS. Dad crossed his arms. "I don't need directions. I know exactly where I'm going."

Three wrong turns later...A kid in the back whispered, "Does Dad know we're in another state?"

Dad replied confidently, "This is called taking the scenic route."

SE HABLE ESPAÑOL

**Charcuterie is French for "I'd like a sandwich, but I don't have any bread."**

**Collateral**

A young man from Arkansas needed to borrow \$500 so he went to the bank for a loan. The banker pulled out the loan application, "What are you going to do with the money?"

"Take jewelry to the city and sell it," was the response.

"What have you got for collateral?"

"Don't know about collateral."

"Well that's something of value that would cover the cost of the loan. Have you got any vehicles?"

"Yes, a 1949 Chevy pickup."

The banker shook his head, "How about livestock?"

"Yes, I have a horse."

"How old is it?"

"Don't know, but he has no teeth."

Finally the banker decided to make the \$500 loan. Several weeks later the young man was back in the bank. He pulled out a roll of bills, "I'm here to pay," he said. He then handed the banker the money to pay his loan off.

"What are you going to do with the rest of that money?"

"Put it in the trailer."

"Why don't you deposit it in my bank," he asked.

"Don't know about deposits."

"You put the money in our bank and we take care of it for you. When you want to use it you can withdraw it."

The young man leaned across the desk and asked, "What you got for collateral?"

## Why I Don't Play Golf

A golfer is playing a round of golf with his buddies. On the sixth hole, a hole over water, he proceeds to flub nine balls into the water. Frustrated over his poor golfing ability, he heaves his golf clubs into the water, and begins to walk off the course.

Then all of a sudden he turns around and jumps back in the lake, his buddies apparently thinking he is going to retrieve his clubs.

When he comes out of the water he doesn't have his clubs and begins to walk off the course.

Then one of his buddies asks, "Why did you jump into the lake?"

And he said, "I left my car keys in the bag."

## Life Is Like a Fountain

The rabbinical student is about to leave for America. When he asks his mentor for advice, the rabbi offers an adage that, he tells the student, will guide him for the rest of his life. "Always remember," the rabbi said sagely, "life is like a fountain."

Deeply impressed by his teacher's wisdom, the student departs for a successful career in America.

Thirty years later, he learns that the rabbi is dying, so he returns for a final visit.

"Rabbi," he says, "I have one question. For 30 years, whenever I was sad or confused, I thought about the phrase you passed on to me, and it has helped me through many difficult times. But to be perfectly frank, I have never understood the full meaning of it. Now that you are about to enter the realm of truth, tell me, dear rabbi, why is life like a fountain?"

Wearily, the old man replied, "All right, so it's not like a fountain."

## A Lovely Message

Once upon a time! When Windows was  
just a square hole in a room and Application  
was something written on a paper.  
When Keyboard was a piano and Mouse  
just an animal. When File was an important  
office material and Hard Drive just an  
uncomfortable road trip. When Cut was  
done with a knife and Paste was with glue.  
When Web was a spider's home and Virus  
was the flu. When Apple was just a fruit -  
that's when we all enjoyed a lot more time  
for family and friends.
