School Question

Mother: "Why are you home from school so early?"

Son: "I was the only one who could answer a question."

Mother: "Oh, really? What was the question?"

Son: "Who threw the eraser at the principal?"

If my kids knew there was a
Light in the oven, they'd leave
that one on too.

First Apartment

Having moved into his first apartment, our son invited my husband and I for a visit.

As we walked in, our son asked if we'd like a cold drink.

Mentally patting myself on the back for teaching him to be such a gracious host, I said, "Yes, what do you have?"

He walked over to the refrigerator, opened the door, studied the contents, and then replied, "I have pickle juice or water."

My wife just stopped and said,
"You weren't even listening
were you?"

I thought....
"That's a pretty weird way to
start a conversation."

You're Lost Between the Baby Boom and Gen-X If .

1. You remember when Jordache jeans with a flat handle comb in the back pocket was cool.
2. In your class picture you were wearing an Izod shirt with the collar up.
3. You know by heart the words to any Weird Al Yankovic song.
4. Three words: ATARI, IntelliVision and Coleco, sound familiar.
5. You remember the premier of MTV, in fact, you remember the Friday Night Videos before the days of MTV.
6. While in high school, you and your friends discussed elaborate plans to get together again at the end of the century and play Prince's "1999" until you passed out partying.

Just got 30 minutes of cardio trying
to pick up an ice cube from the
kitchen floor.

Contemplative Vicar

A vicar was talking to one of his parishioners. He said "When you get to my age you spend a lot more time thinking about the hereafter." "Why do you say that", inquires the parishioner. The vicar replies "Well, I often find myself going into a room and thinking what did I come in hereafter."

**BTW, I figured it out. The purpose of life is to
show up with "here to have fun" energy,
no matter the occasion.**

My Dog

A man limped to the doctor's office and gasped, "Doctor, I was bitten by my dog."

The doctor checked the wound and asked, "Did you put anything on it?"

"No, he seemed to be enjoying the taste without any condiments."

Call Policy

The local high school has a policy that the parents must call the school if a student is to be absent for the day. Kelly (name changed to protect the guilty), deciding to skip school and go to the mall with her friends, waited until her parents had left for work and called the school herself. This is the actual conversation of the telephone call.

Kelly: "Hi, I'm calling to report that Kelly so-in-so is unable to make it to school today because she is ill."

Secretary at high school: "Oh, I'm sorry to hear that. I'll note her absence. Who is this calling?"

Kelly: "This is my mother."

JOB BENEFITS

A salesman, tired of his job, gave it up to become a policeman. Several months later, a friend asked him how he liked his new role.

"Well," he replied, "the pay is good and the hours aren't bad, but what I like best is that the customer is always wrong!"

My wife made me coffee this morning and winked at me when she handed me the cup.

I've never been more scared of a drink in all my life.

Why Go To Medical School?

A pipe burst in a doctor's house. He called a plumber. The plumber arrived, unpacked his tools, did mysterious plumber-type things for a while, and handed the doctor a bill for \$600.

The doctor exclaimed, "This is ridiculous! I don't even make that much as a doctor!"

The plumber waited for him to finish and quietly said, "Neither did I when I was a doctor."

Chore List

My parents are both busy professional people and have trouble finding time for chores and home maintenance. On weekends they each make a list of things to be done. Father's list is never completely crossed off, but Mother's always is. Puzzled, I asked her how she managed that.

"Simple," she answered with a satisfied grin. "I do the chore first, and then I put it on the list and cross it off!"

*To my child who likes to argue with me. . .

Good News and Bad News

An artist asked the gallery owner if there had been any interest in his paintings on display at that time.

"I have good news and bad news," the owner replied. "The good news is that a gentleman inquired about your work and wondered if it would appreciate in value after your death. When I told him it would, he bought all 15 of your paintings."

"That's wonderful," the artist exclaimed. "What's the bad news?"

"The guy was your doctor."

Sometimes I open my mouth and my mother comes out.

Earning My Support

A minister said to a candidate for county sheriff, "Before I support you, I'd like to know if you partake of intoxicating beverages."

"Before I answer," the candidate replied, "I'd like to know if this is an inquiry or invitation."

A recent study has found that women who carry a little extra weight live longer than the men who mention it.

A bald man sat down in the chair and said to the barber, "I went for a hair transplant, but I couldn't stand the pain. If you can make my hair look like yours without causing me any discomfort, I'll pay you \$5000."

Without hesitation, the barber began shaving his own head.

Fairy Godmother

After watching the movie Cinderella, five-year-old Sarah started using her pinwheel as a magic wand, pretending she was a fairy godmother. "Make three wishes," she told her mother, "and I'll grant them."

Her mom first asked for world peace. Sarah swung her wand and proclaimed the request fulfilled.

Next, her mother requested for a cure for all ill children. Again, with a sweep of the pinwheel, Sarah obliged.

The mother, with a glance down at her rather ample curves, made her third wish, "I wish to have a trim figure again."

The miniature fairy godmother started waving her wand madly. "I'll need more power for this!" she exclaimed.

"Will I ever live in a clean house again?"

New Teacher Dilemma

Walking through the hall at our middle school, I saw a new teacher standing outside his classroom with his forehead against a locker. I heard him mutter, "How did you get yourself into this?"

Knowing he was assigned to a rather difficult class, I tried to offer moral support. "Are you okay?" I asked. "Can I help?"

He lifted his head and replied, "I'll be fine as soon as I get this student out of his locker."

**I hired a kid to paint my porch.
When he came back to get paid, he
said, "By the way, that was a BMW,
not a Porsche."**

The New Coffeemaker

My cousin Elly is the world's worst at getting instructions mixed up. When she got married her husband bought her one of those fancy, electric coffeemakers. It had all the latest gadgets on it...

Salesman Riley carefully explained how everything worked: how to plug it in, set the timer, go to bed, and "upon rising the coffee is ready".

A few weeks later Elly was back in the store and Riley asked her how she liked the coffeemaker.

"Wonderful!" she replied, "However, there's one thing I don't understand. Why do I have to go to bed every time I want to make a pot of coffee?"

**MONEY TALKS ...

*My boss told me,
"Dress for the job you want,
not the job you have."*

*Now, I'm sitting in a disciplinary
meeting dressed as BATMAN*

When you thought I wasn't looking...

When you thought wasn't looking I saw you feed a stray cat, and I learned that it was good to be kind to animals.

When you thought I wasn't looking I saw you make my favorite cake for me, and I learned that the little things can be the special things in life.

When you thought I wasn't looking I saw you make a meal and take it to a friend who was sick, and I learned that we all have to help take care of each other.

When you thought I wasn't looking I saw you take care of our house and everyone in it, and I learned we have to take care of what we are given.

When you thought I wasn't looking I saw how you handled your responsibilities, even when you didn't feel good, and I learned that I would have to be responsible when I grow up.

When you thought I wasn't looking I saw that you cared, and I wanted to be everything that I could be.

When you thought I wasn't looking I learned most of life's lessons that I need to know to be a good and productive person when I grow up.

When you thought I wasn't looking I looked at you and wanted to say, 'Thanks for all the things I saw when you thought I wasn't looking.'

*I love when the kids tell me
they're bored. As if the lady standing
in front of a sink full of dirty dishes
is where you go to get ideas about
how to have a good time.*
