Longer Days

I was working in a scrap yard in Southern England during summer vacation at an engineering university. I used to work repairing construction equipment. One afternoon, I was taking apart a piling hammer that had some very large bolts holding it together. One of the nuts had corroded on to the bolt; to free it, I started heating the nut with an oxy-acetylene torch. As I was doing this, one of the dimmest apprentices I have ever known came along. He asked me what I was doing. I patiently explained that if I heated the nut, it would grow larger and release its grip on the bolt so I could then remove it.

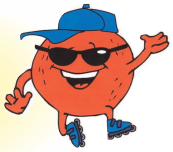

"So things get larger when they get hot, do they?" he asked.

Suddenly, an idea flashed into my mind (I know not from where.)

"Yes," I said, "that's why days are longer in summer and shorter in winter."

There was a long pause, then his face cleared. "You know, I always wondered about that," he said.

Goodbye Ugly Suit

When the store manager returned from lunch, he noticed his clerk's hand was bandaged, but before he could ask about the bandage, the clerk had some very good news for him.

"Guess what, sir?" the clerk said. "I finally sold that terrible, ugly suit we've had so long!"

"Do you mean that repulsive pink-and-blue double-breasted thing?!" the manager asked.

"That's the one!"

"That's great!" the manager cried, "I thought we'd never get rid of that monstrosity! That had to be the ugliest suit we've ever had! But tell me, why is your hand bandaged?"

"Oh," the clerk replied, "after I sold the guy that suit, his seeing-eye dog bit me."

I don't always carry all the groceries on one arm, but when I do, my keys are in the wrong pocket.

A Bad Day in Court

The lawyer stood before the judge only to hear that court would be adjourned for the day and he would have to return the next day. "What for?" the lawyer yelled to judge.

The judge, equally irked by a tedious day and the lawyer's rude treatment, roared, "Fifty dollars.... contempt of court. That's why!" Upon noticing the lawyer was checking his wallet, the judge relented. "That's all right. You don't have to pay the fine right now."

The lawyer replied, "I'm just seeing if I have enough to say three more words."

House Call

Old Dr. Carver still made house calls. One afternoon he was called to the Tuttle house. Mrs. Tuttle was in terrible pain.

The doctor came out of the bedroom a minute after he'd gone in and asked Mr. Tuttle, "Do you have a hammer?"

A puzzled Mr. Tuttle went to the garage, and returned with a hammer. The doctor thanked him and went back into the bedroom.

A moment later, he came out and asked, "Do you have a chisel?"

Mr. Tuttle complied with the request.

In the next ten minutes, Dr. Carver asked for and received a pair of pliers, a screwdriver, and a hacksaw. The last request got to Mr. Tuttle. He asked, "What are you doing to my wife?"

"Not a thing," replied old doc Carver. "I can't get my instrument bag open."

I have never been cut in half by a magician, but I have worn jeans on Thanksgiving. -- Same thing.

House for Sale

When my son was about 3, the people in the family who lived behind our home had their house for sale. My son, Allan, played with their son, Curtis. One day Mom asked, "Has Curtis sold his house yet?" Allan, looked out the deck door across the back yard and replied "Nope, it's still there!"

I don't spring out of bed anymore. I perform a detailed systems check before attempting liftoff.

Not Quite What He Wanted

A hunter raised his rifle and took careful aim at a large bear. When about to pull the trigger, the bear spoke in a soft soothing voice, "Isn't it better to talk than to shoot? What do you want? Let's negotiate the matter."

Lowering his rifle, the hunter replied, "I want a fur coat."

"Good," said the bear, "that is a negotiable item. I only want a full stomach, so let us sit down and negotiate a compromise."

They sat down to negotiate and after a time the bear walked away, alone. The negotiations had been successful.

The bear had a full stomach, and the hunter had his fur coat!

Bachelors

Two confirmed bachelors sat talking, their conversation drifted from politics to cooking.

"I got a cookbook once," said one, "but I could never do anything with it."

"Too much fancy work in it, eh?" asked the other.

"You said it. Every one of the recipes began the same way - 'Take a clean dish.'".

Have you ever taken a nap so good that you thought you missed the school bus... but it's Sunday... and you're 40.

Help Is On The Way!

My friend was on duty in the main lab on a quiet afternoon. He noticed a young woman sitting in front of one of the computer workstations with her arms crossed across her chest and staring at the screen. After about 15 minutes he noticed that she was still in the same position only now she was impatiently tapping her foot. He asked if she needed help and she replied, "It's about time! I pushed the F1 button over twenty minutes ago!"

Brace yourself...
Soon, the era of the pumpkin will fall,
and the northern winds will whisper,
"peppermint everything"

MINTER IS COMING

Hockey Injury

Andy came to work one day, limping something awful. One of his co-workers noticed and asked what happened.

Andy replied, "Oh, nothing. It's just an old hockey injury that acts up once in a while."

"I never knew you played hockey."

"I don't," said Andy. "I hurt it last year when I lost $1,000 on the Stanley Cup playoffs and put my foot through the television."

House Watchers

A Mathematician, a Biologist and a Physicist are sitting in a street cafe watching people going in and coming out of the house on the other side of the street.

First they see two people going into the house. Time passes. After a while they notice three persons coming out of the house.

The Physicist: "The measurement wasn't accurate."

The Biologist's conclusion: "They have reproduced".

The Mathematician: "If now exactly 1 person enters the house then it will be empty again."

It's the start of a brand new day, and I'm off like a herd of turtles.

Zero to 200

A couple had been debating the purchase of a new auto for weeks. He wanted a new truck. She wanted a fast little sports-like car so she could zip through traffic around town. He would probably have settled on any beat up old truck, but everything she seemed to like was way out of their price range.

"Look!" she said. "I want something that goes from 0 to 200 in 4 seconds or less. And my birthday is coming up. You could surprise me."

So, for her birthday, he bought her a brand new bathroom scale.

Services will be at Downing Funeral Home on Monday the 12th. Due to the condition of the body, this will be a closed casket service. Please send your donations to the "Think Before You Say Things To Your Wife Foundation," Dallas, Texas.

My teacher told me not to worry about spelling because in the future there will be autocorrect and for that I am eternally grapefruit.

I'm so old that...

I have dialed a rotary phone (that didn't have an answering machine), recorded a song that I love off a transistor radio onto a tape recorder, watched a black and white TV (with less than 10 channels) that had foil on the rabbit ear antennas, taken a long walk without counting the steps, and eaten food that I didn't take pictures of.

Helping a Bum

A woman was chatting with her next-door neighbor. "I feel really good today. I started out this morning with an act of unselfish generosity. I gave a five dollar bill to a bum."

"You gave a bum five whole dollars? That's a lot of money to just give away. What did you husband say about it?"

"Oh, he thought it was the proper thing to do. He said, 'Thanks.'"

Too bad they only produce the oxygen we breathe.

The Horse Boarder

A man was going out of town and needed to board his horse for a couple of months. He asked a local farmer about it and was told, "Sure, but I charge $50 per week, and I keep the manure."

The fellow can't afford that, so the farmer referred him to ol' Jones, down the road. When approached with the request, Jones said, "Yup, I can do it for $40 a week, and I keep the manure."

This is still too much, and Jones suggested that he try Mr. Brown. When our desperate friend asked Mr. Brown, he is surprised to hear, "Sure, Sonny. I'll be glad to for $5 a month."

With delight, the young man exclaimed, "WOW! I suppose for that price you'll want to keep the manure." The old man looked at him with kind of a squint, and replied, "Feller, for $5 a month, there ain't gonna be none!"

Helping Hand

A man writing at the post office desk was approached by an older fellow with a post card in his hand. The old man said, "Sir, I'm sorry to bother you but could you address this post card for me? My arthritis is acting up today and I can't even hold a pen."

"Certainly sir,' said the younger man, "I'd be glad to."

He wrote out the address and also agreed to write a short message and sign the card for the man. Finally, the younger man asked, "Now, is there anything else I can do for you?"

The old fellow thought about it for a moment and said, "Yes, at the end could you just add, 'PS: Please excuse the sloppy hand-writing.'?"

Wanna-be Mechanic

A man is applying for a job as a mechanic, that he really wants to get. The boss says, "Can you roll your hard hat down your arm and pop it back on your head?"

The mechanic nods, confused.

"Can you play light saber with your wrench and another man's screwdriver?"

"Oh yes," says the mechanic.

"Can you bounce your screwdriver off the cement, grab it, whirl it around and put it in your belt like a gun?"

"Sir, I've been doing that for years!" says the wanna-be mechanic.

"Well in that case, I can't use you. I have 12 men doing that already!" says the boss.

We all have the POWER to change at least one thing a day. Please make it your UNDERWEAR.

Henry Ford

The fourth-grade class was studying the development of the auto industry. The teacher had emphasized the role played by Henry Ford, whose assembly lines decreased production costs.

At the end of the unit, she gave a test including the question: "What did Henry Ford invent that made buying a car more affordable?"

One of the students wrote: "0% financing."

Canine Complex

A man walked into the office of an eminent psychiatrist and sat down to explain his problem.

"Doctor, doctor! I've got this problem," the man said. "I keep hallucinating that I'm a dog. It's crazy. I don't know what to do!"

"A common canine complex," said the doctor soothingly. "Relax. Come here and lie down on the couch."

"Oh no, Doctor," the man said nervously, "I'm not allowed up on the furniture."

Nothing is really lost, until your MOM can't find it.

Changed Meaning

Mrs. Jones was reading a letter at breakfast. Suddenly she looked up suspiciously at her husband.

"Henry," she said, "I've just received a letter from mother saying she isn't accepting our invitation to come and stay, as we do not appear to want her. What does she mean by that? I told you to write and say that she was to come at her own convenience. You did write, didn't you?"

"Er, yes, I did," said the husband. "But I, I couldn't spell 'convenience,' so I made it 'risk.'"

Me in December: I love two people.

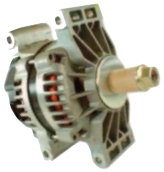

Hospital Softball Team

As the manager of our hospital's softball team, I was responsible for returning equipment to the proper owners at the end of the season. When I walked into the surgery department carrying a bat that belonged to one of the surgeons, I passed several patients and their families in a waiting area.

"Look, honey," one man said to his wife. "Here comes your anesthesiologist."

Delicious

The customer in the Italian restaurant was so pleased with his meal he asked to speak to the chef.

The owner proudly led him into the kitchen and introduced him to the chef.

"Your pasta quattro formaggi was superb!" the customer said. "I just spent a month in Italy, and yours is better than any I had over there."

"Naturally," the chef said. "Over there, they use domestic cheese. Ours is imported!"
